

## PADDLE RAISE

Visit <https://aesbid.com/BLARNEY21> or text FHC to 61094 to donate!

This year, we are excited to announce that the paddle raise will be focused on a complete technology upgrade in every classroom and the entire school infrastructure! We are thrilled to have the opportunity to enhance the academic experience for teachers and students alike with improved technology.

This year, our focus is shifting to equipping each classroom (SK through 8th) and Specials classrooms with updated technology to allow for increased functionality while also removing outdated equipment.

The goal of the paddle raise is \$75,00 for the following enhancements:

- Equip every classroom (SK-8) and Specials classrooms in the school with a wifi enabled large screen monitor which will allow teachers to wirelessly connect their laptops and enrich the learning experience for all students
- Install large screens and projectors in the gym and auditorium to allow for those spaces to be utilized more efficiently
- Allowance for needed electrical upgrades
- Provide training of the entire teaching staff so they are up-to-date on all technology and ready to integrate into their lesson plans
- Removal of all outdated equipment

We need YOUR help to make this dream a reality as this project is 100% parent funded. We hope you will support Faith Hope by raising your virtual paddle on March 13th!
